

FLEETX SOLUTIONS

12+ YEARS INDUSTRY-LEADING LOGISTICS SUPPORT

COMMERCIAL SERVICES CAPABILITIES PROFILE

Complete back-office infrastructure for owner-operators and small fleets. We handle backend compliance, procurement, and administrative overhead. You focus on the road.

1. ELITE DISPATCH SOLUTIONS

Premium Freight Acquisition & Operational Management

- **Premium Load Finding:** Direct access to primary broker networks. Sourced freight before public load board placement. Strategic lanes mapped for maximum yield.
- **Hidden Board Integration:** Logistics platform connections capturing non-published institutional freight assets.
- **Full Paperwork Administration:** Complete lifecycle management for rapid broker setup packages, Rate Confirmations, and digital Bills of Lading (BOL).
- **Expert Revenue Negotiation:** Experienced agents optimizing freight rates per mile against spot market baselines.
- **Broker Credit Verification:** Real-time financial solvency and credit monitoring for all entities prior to load commitment.

2. INSTITUTIONAL FACTORING INFRASTRUCTURE

Capital Flow Acceleration & Underwriting Management

Corporate Scale Rate: Down to 1.5% (Market Baseline: ~4.0%)

- **Volume-Leveraged Pricing:** Portfolio asset scale grants independent operators access to elite enterprise financial tiers.
- **Fast-Track Onboarding:** Pre-integrated compliance verification channels bypass standard underwriting backlogs with primary lenders.
- **Transparent Contract Safeguards:** Complete elimination of hidden processing loops, administrative upkeep costs, or fixed monthly volume mandates.
- **Strategic Capital Partners:** Direct integrations operational with RTS, eCapital, and Triumph.

3. FUEL NETWORK ADVANTAGE

Fleet Procurement & Tax Automation

Direct Savings: Up to \$1.50 Instant Discount Per Gallon

- **National Pump Discounts:** Bulk purchasing network access at major national truck stops outperforming cash pricing models.
- **Enterprise Clearing:** Immediate point-of-sale verification setup across premium logistics transaction networks.
- **Automated IFTA Synchronization:** Real-time data pipeline mapping pump metrics directly to state compliance metrics, eliminating manual quarterly mileage auditing.
- **Network Coverage:** COMDATA, WEX, EFS, VOYAGER, TCS, and RTS network compatibility.

4. RISK SOLUTIONS & UNDERWRITING SETUP

Asset Protection & Insurance Channel Procurement

Premium Reduction Target: Up to 30% Savings via Group Risk Tiers

- **Underwriter Access:** Structured commercial pipeline links straight to tier-1 underwriters including PROGRESSIVE, GEICO, and LOG ROCK.
- **Rapid Documentation:** Instant Certificate of Insurance (COI) processing to ensure immediate vehicle asset dispatch availability.
- **Flexible Coverage Options:** Modular configurations across primary commercial liability, cargo protection, physical damage, and non-trucking liability.
- **FMCSA Safety Sync:** Centralized safety management updating federal driver indices instantly.

5. CAPACITY SCALING & DRIVER RECRUITMENT

Enterprise Driver Sourcing & Compliance Vetting Pipeline

- **Multi-Channel Ingestion:** Automated campaign deployment across Indeed, Tenstreet, ZipRecruiter, and targeted digital platforms.
- **24-Hour Lead Delivery:** Live applicant streaming matching specific corridor constraints directly to fleet terminal operations desks.
- **Rigorous Compliance Vetting:** Comprehensive verification operations handling Motor Vehicle Records (MVR), Pre-Employment Screening Programs (PSP), and criminal history check databases.
- **Employment Authentication:** Direct verification loops tracking past fleet experience markers and historical service logs.
